EPISCOPAL SCHOOL

JUMP START ADVANCED

Math and reading skills for students entering fifth grade

MATH: (taught by Valerie Barlous)

Build your child's self confidence in math and secure math skills through games, fun, hands-on activities, solving puzzles, exploring new concepts and investigating real-world math.

The class is designed to get 'math brains' engaged for the upcoming school year in an atmosphere of fun and exploration.

READING and STUDY SKILLS: (taught by Valerie Barlous)

Empower you student to master the reading and study demands of upper school. This learning-how-to-learn program includes training in visual and auditory memory, comprehension strategies for textbooks, daily review and test taking skills.

KEYBOARDING: (taught by Destiny Dry)

Designed to develop keyboarding skills that students will use throughout their lives, this class is open to students in grades 4-8.

Dates: August 23—27

Time: 9:00—11:00 math; 11:30—1:30 reading; 1:30—2:45 keyboarding

Lunch—11:00—11:30 (students in both classes should bring a bag lunch)

- Cost: \$200 for both math and reading
- \$120 for one (math OR reading)
- \$70 for keyboarding

REGISTRATION: To register for Jump Start Advanced, please contact Trevor Waddington at trevor.waddington@stjes.com or 301-774-6804 ext. 160. Please indicate which class(es) your child will be attending. Payment check should have 'Jump Start Advanced' on the memo line.
